Ref. No.: OPBKOP-03-04-

7 April 2003

To Whom It May Concern:

This letter is to certify that the Company Dalgidj was employed for studying the condition of spud cans of Jack up Rig TRIDENT 20 and for providing video-monitoring services of scoring of spud cans. Dalgidj company has also organized a submarine shooting and observation of the outcome process of cement to the sea bottom while cementing job for 30'' casing. The works were performed in nighttime with strong currency. Besides, Dalgidj Company took part in the drilling of Pilot holes in Atashgah structure. They had installed and removed undersea markers for the positioning of Jack up Rig TRIDENT 20.

During the period of two years work with JAOC Operating Company, Dalgidj proved themselves to be safety conscious, hard working and innovative in completing this difficult task.

Their equipment, the level of professional training, and safety requirements of working stuff corresponds to the international standards.

I hereby recommend Dalgidj for diving services and would not hesitate to use them again.

Regards,

Nobuaki Moritani
Vice President
JAOC Operating Company
