Best of Business Awards presented

26 May 2006

Last night, 25th May, saw the first Best of Business annual awards ceremony where we celebrated the contribution that our contractors have made to enterprise development in Azerbaijan.

Four companies won awards:
Sumgaitikintigurashdirma-2 won in Best HSE Performance category
Dalgidj private company won in Company of the Year category
Rigblast won in Employer of the Year category
Jeykhun Imanov Studio won in Young Entrepreneur of the Year category

Attendees included future beneficiaries of our supply chain finance and other Regional Development Initiative activities. A senior representative of the Azerbaijan government - Deputy Minister of Economic Development - took part in the event and emphasised how important BP's role is in the country. The event was extensively covered in the national media.

Please join us in celebrating this success, and we will have more great stories to tell in Compass and the Sustainability Report.
